一萬 LIGHT 光年 YEARS PRODUCTION

# Apology Statement

Light Years Production hereby issues this statement regarding the failure to properly handle the work visa application for the MLP Event.

Due to an internal mix-up by our staff involving another project, the work visa application for the MLP Event was not processed as required. Furthermore, out of fear of being held accountable, the staff involved altered the previous visa records. These actions constitute a serious failure on our part in both process control and supervision.

As the responsible person, I, Yeung Ho Wai, fully acknowledge that this incident occurred under my management. I take full responsibility for the negligence in oversight, the resulting failure to secure the necessary work visa, and the improper alteration of visa-related documents. We deeply apologise for the inconvenience, disruption, and any adverse impact caused to the affected parties.

We have immediately initiated a thorough internal review and will implement stricter controls and accountability measures to prevent any recurrence. We are fully prepared to cooperate with all necessary remedial actions to mitigate the consequences of this matter.

Once again, we offer our sincere and unreserved apologies.

Yeung Ho Wai
